CHIM

The Lone Traveller is our poetic dedication to the tradition of the life tourist – one who moves slowly, curiously, imprinting flavour to memory, time and time again.

Each original cocktail is a story distilled – rooted in Thai tradition, inspired by the vibrant districts of Bangkok and beyond. Think spice-laced breezes, neon reflections in puddles, and the hum of a street food stall after dark.

Crafted with care, stirred with soul, and served with a spirit of adventure – this is Thailand in a glass.
